

THE ViewFinder

A Biblical Worldview Discovery and Development Tool

HOW WELL-DEVELOPED IS YOUR BIBLICAL WORLDVIEW?

The ViewFinder is a new tool designed to help teenagers and adults understand what they believe about six areas of biblical worldview:

- GOD
- THE BIBLE
- MORAL ORDER
- PURPOSE
- CREATION
- HUMANITY

The ViewFinder consists of thirty questions about real-life moral dilemmas with multiple-choice answers that allow individuals to consider not only what they believe but how they would respond if they found themselves in a similar situation.

Results are delivered digitally and include explanations for each answer, recommended reading lists to help individuals continue to grow in biblical worldview development, and a biblical worldview certificate for those who achieve the highest marks.

The ViewFinder will be a valuable tool to help children under your care develop a biblical worldview.

Available digitally at renewanation.org/viewfinder for single or group use.
